Cannabis {Santa Maria} Living Journeywork Ceremonies

# Sacred Cannabis **Blue Moon** & All Hallows' Eve Ceremony

**SAT, OCT 31<sup>ST</sup> 4:20 - 11 pm / North Boulder**

We will be honoring ancestors, as well as the recently departed, while journeying inward under the energies of a full moon.

This may be for you if...

- \* You would like to explore a third way to use Cannabis (beyond medical & recreational) —as a sacred and ancient plant teacher.
- \* You would like to get unstuck, heal old wounds, shift energetic patterns, and/or gain creative insight and inspiration to help propel you forward, and live life to its fullest.
- \* You are interested in self discovery and personal growth, and simply curious about how the intentional use of Cannabis may assist you on your unique journey through the great mystery.
- \* You would like to join together in community, and experience an enchanting evening of magic and connection with fellow journeyers.
